

Education

Tanta University

B.Sc. in Computer Engineering.

Dec 2021 - Aug 2026

Tanta, Egypt

Licenses & certifications

Python: programming fundamentals |

Nov 2023

Almdrasa

- Acquired a solid understanding of the fundamental concepts and principles of Python programming, including data types, control structures, and functions.

Python: programming fundamentals ||

Nov 2023

Almdrasa

- Acquired a solid understanding of the fundamental concepts and principles of Python programming, including data types, control structures, and functions.

Git & GitHub

Nov 2023

Almdrasa

- Gained proficiency in using Git for version control and GitHub for collaborative software development, including creating repositories, branching, and merging.

Essentials of ChatGpt

Nov 2023

Almdrasa

- Explored the essential features and capabilities of ChatGPT, gaining insight into its applications and potential uses in natural language processing tasks.

Primary Data Structures

Dec 2023

Almdrasa

- Mastered the foundational data structures such as arrays, linked lists, stacks, and queues, understanding their implementation and usage in various algorithms and applications.

Primary Data Structures Challenges

Dec 2023

Almdrasa

- Successfully completed challenges and exercises related to primary data structures, demonstrating practical problem-solving skills and a deep understanding of data organization and manipulation.

Python projects

Dec 2023

Almdrasa

- Completed practical Python projects, applying learned concepts to real-world scenarios and enhancing programming skills through hands-on experience.

How to Plan for your Career

Dec 2023

Almdrasa

- Developed a strategic approach to career planning, including setting goals, identifying opportunities, and creating a roadmap for personal and professional growth.

Technical Skills

Programming languages: Python, C++, JavaScript

Software Development Tools: Git and GitHub for version control, Microsoft Visual Studio Code, debugging and problem-solving

Frameworks and Technologies: Tkinter for Python GUI development, REST APIs

Other: teamwork, public relations, and human resources, research, Microsoft Word and Microsoft Office
